October 2021

Dear Head Teacher,

### **Rescheduling your Covid-19 vaccination date for 12-15-year-old students**

We are writing to let you know that we need to reschedule the booked Covid-19 vaccination date for your 12-15-year-old students and are therefore no longer coming to your school on 8<sup>th</sup> October 2021.

We sincerely apologise for this short notice and any disruption it may have caused.

We want to assure you that all young people with parental consent will be offered the opportunity to be vaccinated. We will be in touch again soon to arrange a new date.

It has been fantastic to see such an encouraging local response to the offer, and we are working hard operationally to ensure we meet the demand and deliver the vaccine as quickly as possible to all those who are choosing to receive it.

We are extremely grateful for the support and flexibility you have provided us for the roll out of the secondary school Covid-19 vaccination programme across Leicester, Leicestershire, and Rutland. Thank you also for your patience while we work with you to secure a new date.

We have prepared some suggested text for you to let parents know about the change to the vaccination date.

Yours sincerely,

Helen Thompson  
Director of FYPC and LD Services  
Leicestershire Partnership NHS Trust
