

KS4 Vocabulary by unit and tier

This editable GCSE KS4 Spanish (8692) vocabulary resource is a list of vocabulary for each unit per tier from the defined vocabulary lists in the specification. It should be used in conjunction with the [KS4 scheme of work](#).

The allocation of the vocabulary per topic is suggested and can be adapted according to different contexts. There is also a list of general words which can be taught across any of the topics.

Alternatively, there is an [interactive vocabulary list](#) on our website which can be used flexibly to sort the vocabulary by theme, topic, required grammar or part of speech.
