Principal: Mr S Piggot

Dear Parent/carer,

Year 11 Easter Revision Sessions

Once again our Year 11 students have impressed us in how they have demonstrated their focus in preparing for their Spring term mocks. Students have continued their excellent attendance to revision sessions either at lunch or afterschool. I would encourage students to maintain these excellent routines as they will only increase their performance in the summer exams.

Although we have only returned from half term, it is only 4 weeks and 1 day until the Easter break. The two week Easter break is a crucial period of time for Year 11 students, where it is essential they get the right balance of work, rest and play. My advice is to ensure there is a revision timetable in place to spread work out and ensure that students are revising but also have time for rest and relaxation so they come back fully charged. **After Easter there are only 3 weeks before the main set of exams start.**

As before, our website contains advice on [revision strategies](#) and materials to [support revision](#) as detailed in these links.

We are also pleased to share with you below the schedule for revision sessions taking place at school in the Easter holidays. In these sessions teachers will reteach key concepts and support students through exam paper practice. *Please note that these are designed to complement independent revision, rather than be an alternative to it.* Due to the Geography trip to Iceland taking place in the first week, these revision sessions are scheduled for the second week only.

	9:30-11:30	12:00-2:00
Tuesday 7th April	Combined Physics- Mr Rice	Computing- Mr Simpson
	Triple Physics- Dr Thompson	History- Mr Waring
Wednesday 8th April	Combined Chemistry Foundation- Mrs Francis	Sociology- Mr Waring
Thursday 9th April	Combined Biology- Mrs Rashid	Geography- Mr Piggot
	Triple Biology- Mrs Francis	
Friday 10th April	Maths Foundation- Mr Graves (9:30-12)	
	Maths Higher- Mr Watson (9:30-12)	

Please ensure that students arrive 10 minutes before the start of their sessions as students will need to be met by teaching staff at reception at the front of the school. At the end of the session they will be escorted back to reception. This is essential due to building works. If a student is attending a morning and an afternoon session they must have a packed lunch and stay on site in between. Students should bring their normal exam equipment; pen, pencil, ruler, rubber, pair of compasses, protractor and calculator.

Please use this link to book a place at one or more of the revision sessions. Please book your space by 9 am **Friday 13th March** to allow teachers time to prepare suitable resources for those who have signed up.

[Year 11 Easter Revision Sessions 2026 – Fill out form](#)

Yours sincerely

Dr Thompson, Vice Principal
